

C-47 Dedication Ceremony

NOVEMBER 9, 2018, 9AM

The City of Midwest City and the Oklahoma History Center invite you to the C-47 Skytrain dedication ceremony on Friday, November 9, at 9 am.

The dedication will take place at the Midwest City Veteran's Memorial at Joe B. Barnes Regional Park, located at 8700 East Reno Avenue in Midwest City.

This historic aircraft was manufactured at the Oklahoma City Douglas Plant in 1944. By June the aircraft was in England as part of the preparations for the D-Day invasion. During World War II this airplane flew in combat; carried troops, ammunition, and supplies across France and northern Europe; and flew injured troops back to England for medical attention.
