Principal Gina Hill says that approximately 50 volunteers from Home Depot volunteered their time for the project that included building planters, planting flowers and creating an outdoor classroom (pictured) and benches. Also installed was a plaque honoring a student’s mother who was killed in the OKC bombing and a former library assistant killed in the 1999 tornado. The students pictured above are enjoying the outdoor courtyard classroom. Thank you to Home Depot Manager Mitch Rusk and his 50 volunteer associates!

Firestorm Cookout

The Chamber and the City of Midwest City co-hosted an appreciation lunch at Joe B. Barnes Regional Park on May 7th. The event was held to show appreciation to the police and fire departments and the many other service people and personnel that came from outside our community in response to the April 9th wildfires. Also recognized were individuals who don’t normally respond to 911 calls but responded to this catastrophic event. (Pictures at left); Top: Members of fire and ambulance service and Ralph Monson, Director 72nd Air Base Wing Public Affairs; enjoying their lunch. Bottom: City Manager Guy Henson works the grill cooking some of the hamburgers that were served.
